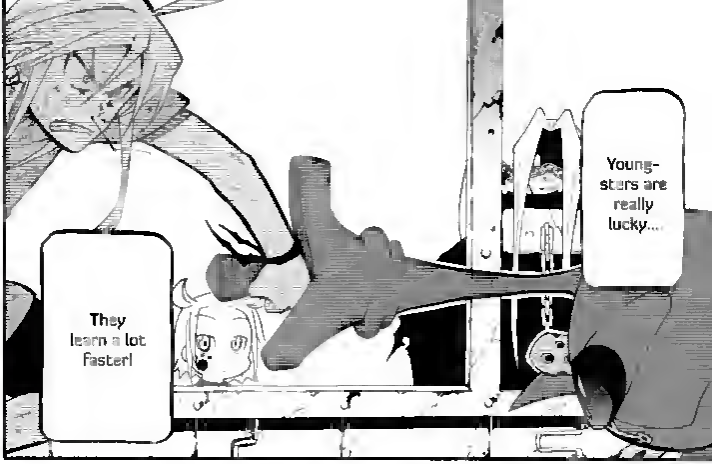
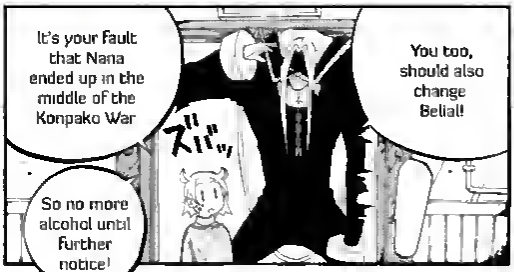
When he joined us, he was a lot more impulsive! Since then, he has gained more composure.



They learn a lot faster!
Young-sters are really lucky...



It's your fault that Nana ended up in the middle of the Konpako War
So no more alcohol until further notice!
You too, should also change Belial!

I'm really sorry
And it's not over yet, especially what you said to Shiro last time

Chapter 13: Things are Getting Serious

Thank you again for all of your advice!
You're on the right track... Stay focused!

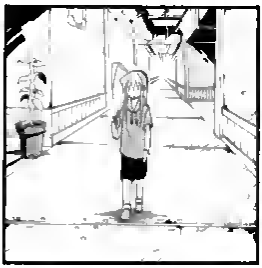
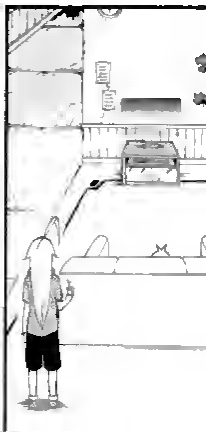
Huh...?



ドン
Muto TV
Muto?!
The new king of Pakon!



Here, this is for you!
A little thank you present.
The new king of Pakon has started to develop a new economy completely independant from the Seisui market.
The fear of a coup by a part of the regal army is no longer a fear.
But I can't accept such gift!
Seisui is now...
Yes...
Seisui?!
Yes, and of very good quality... It's 100% pure!
The price to pay is high...
Really...
My kingdom doesn't possess any-more!
But now that the source is dried up...

You'll see, Nana... even without Seisui...
I'll make this country a great place to live!
But what we gained in exchange...
is much more important!
Well
You're watching the news now?
So?!
She's getting on my nerves
Don't go there!
Finally got a vital reaction?
That empty brain of yours

Oh, it's Makal
In my defense, I don't even remember your face
What?!
I looked everywhere for you!
In the trash and all...
Oh, come on!
I won't forgive you...
For leaving me in Pakon!
Nana as Shiro sees him
Something's sticking out
Then how do you usually know it is me?
I look at your shape!
I can't believe it.
Moka is really beautiful...
She'll make a wonderful queen!

...Now, an overview on the situation...

You could at least make some effort!

Don't shut it down, I was watch-ing!
With that...
Depending on how much effort you put forth, I might take you along in my unit.
...To clean the toilet!
Hmph!
Who would want to be in your unit anyway?

I may say that, but...
I won't be able to go too long without an assignment.
And being the lowest ranked...
Well... I did play role in helping end the war of Konpako so hopefully
Huh?
Ranking
What's the crowd for?
You're new, right? It's the ranking for this month!

I wonder why the demoted me to the white class...
Probably because you ate Belial's custard tart!
Hey! That old lady from the canteen is in the top 100!
Great! I gained 3 ranks!

It's Shiro's unit, right?

Being promoted directly to Second, impressive!

WHY AM I, I MEAN, WHY IS NANAKO A SECOND?!
NYA~
You shouldn't be asking me that question too.
.....

NANAKO!
I love you!
You're the best!
WAS IT SHIRO?!
Aah!
WHY DID NO ONE TRY TO STOP HER?!
I tried, but she has a higher rank than me...
What about Belial?!
By the way, about the choice of my Second
Hm
Yes
Really?
Ah, that? Choose whoever you want!
Then that's what I'll do!
Great!
He's putting us in a weird situation again...
BELIAL ...
But maybe it'll be a good thing in the end!

You're far from being able to claim the status of a Second...
But you did great!
Then Nanako stopped me to tell me that I shouldn't take everything on my shoulders and that I could count on her
Shiro talked a lot about what you did during the Konpako war
Ah yes, I see
ワナワナ
Maybe, but...
You'll have plenty of time to prove your worth...
ニヤニヤ
Right?
Good!
I brought you the Second's uniform!

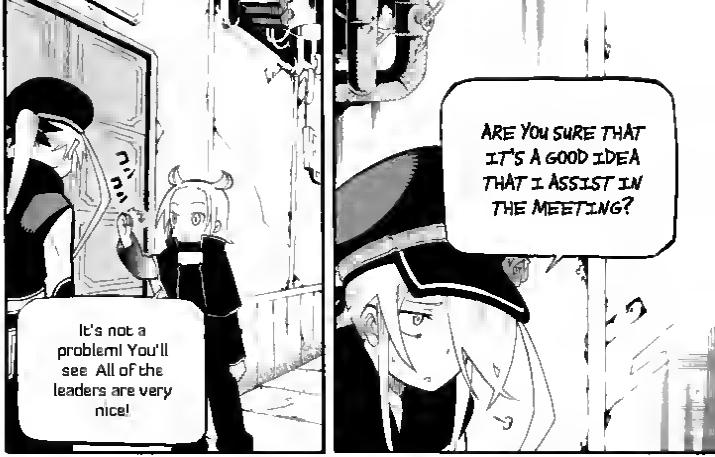
AA AA AH!
Oops!

I forgot you were a boy!
Exactly! Even IF I always disguise myself as a woman, I'm still a man! So please put some clothes on!

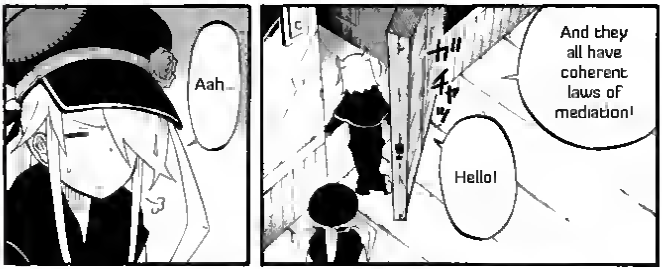
But, wait, what the...?
We don't have time to waste, Nana. Hurry! Get dressed!
AHH! HEEEELP!

Oh, it's no big deal, it won't kill you to

ASSEMBLY ROOM
YOOHOO! LET'S GET CRACKING!
TA-DAAH!!



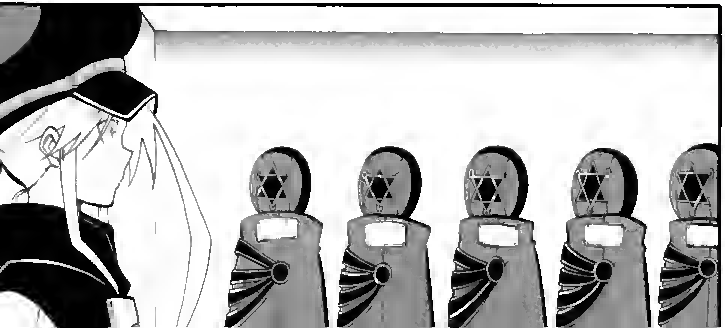
ARE YOU SURE THAT IT'S A GOOD IDEA THAT I ASSIST IN THE MEETING?
It's not a problem! You'll see. All of the leaders are very nice!



Aah...
Hello!
And they all have coherent laws of mediation!

Hello...

Nice...



WAR AND PEACE

Gulp
Sorry for being late!
She is the new Second of the Ase squad.
.....
Uh I'm Nanako
Nice to meet you!

Please take a seat!
Second Nanako
Thank you
Good
You can withdraw!
Are we all here?
Nanako

I couldn't find you in the database...
And when I asked Belial, he told me that you weren't currently on any mission, so I thought...
Sorry for making you come here!
!
.....
You're wrong Shiro...
I don't have what it takes to be a Second!
It's crazy...

About whether or not bombing the Seisui fountain was a good solution...
I'm still not capable of answering that.
But...
The question you asked me during the Konpako war...
Even if the civilians weren't living in luxury, they will probably now face many difficult days
We badly hurt the economy of the two kingdoms...
Never-theless...
The war finally ended!

Do not risk being attacked by Xyece anymore
Nor any of the other countries!
And that's not all...
Kongo and Pakon

But.
In life, things are not that simple!
So that everyone can live happy and pleasant days
My objective was to satisfy both countries without having them pay a high price...

As long as people keep fighting...
We'll have to get through hard times

I want to face those situations...
With you by my side!
.....
No, idiot.
Don't say that! It's not too late to retract.
It's way too soon for me to be a Second!
On the other hand...

My chance!
Eradicate war!
It's
I want to...
キッ
Seriously, I'm such a fool...
Thank you!
With pleasure!
ガシッ!

I have to do everything I can to be worthy of this honor and get rid of war!
The ball is in my court now
Can we start?
Yeah, let's start
As a declaration of war against the World Alliance?
Can we consider the invasion of Fortress...
The World Alliance was probably intending on using Fortress as a stepping stone to make peace with Xyece
Fortress is independent thanks to the support of the World Alliance...
Yes, without a doubt...

With Riboll as an opponent...
We cannot allow any careless-ness on our part!

They sent back a pretty clear answer!
They want to dominate the world! Haha! We can surely say they don't do things half assed.

Hahaha!
You're so funny!
I wonder who was the most careless one in Fortress...

Don't try to act like you don't understand...
Mr Muscles

What?!

Hehe... Kid...
If you have something to say, don't hesitate!
Alright, I'll go straight to the point then
Here's my opinion as the leader of the second squad
HAH...

...In contra-diction?
Conti-nue, Ens...
Bell-l, the way you precede is completely inefficient...
Because it is in contradiction with our objective!

You're trying to stop war using war.
To put it simple

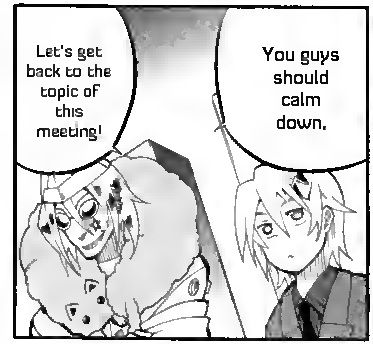
In the end, your methods generate other conflicts!
In other words, you use hatred to oppose hatred
And use violence against violence! It s a never ending cycle!

Every day...
Sorry, but your lecture bored me.
Is that all?
Innocent children are getting killed on battlefields.
Because of some crazy swelled man decided it that way!
We have the right to kill soldiers?
Hmph! And according to you, to protect them...
They are only children who cannot feed themselves!
They aren't warriors ready to die for a cause!

Yes...
That's what I believe.
It's my choice...
To let live only those who deserve it!

Cut the crap.
Imbecile!

HAVE YOU EVEN THOUGHT OF THEIR FAMILY AND KIDS?!
THE SOLDIERS YOU KILLED...



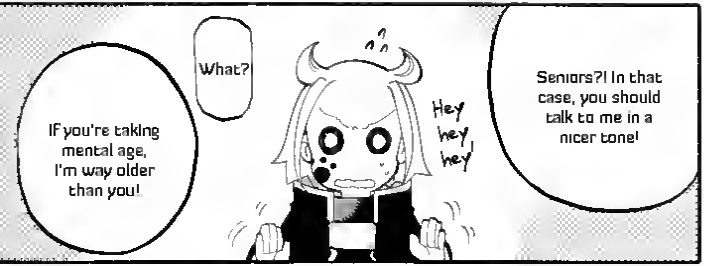
Let's get back to the topic of this meeting!
You guys should calm down.

What?
And you, keeping your calm isn't a proof of intelligence!
Excuse me?

And you call yourself a leader?!
Use your head for a change! Think before you act!

King Gold, leader of the sixth squad...
Your third law of mediation is even worse than violence!
And you, Shiro, leader of the fifth squad
You're not really concerned by this problem since you still haven't even chosen your third law!
Do you really think you can bring peace to this world in your current state?!
Don't make me laugh! You should review everything from the start!

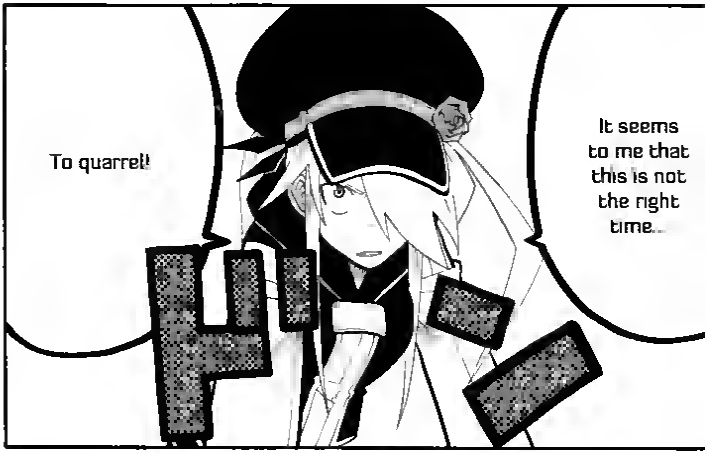
I find you very presumptuous
For a brat who can't even save money!
That's not a way to address your seniors!



Seniors?! In that case, you should talk to me in a nicer tone!
What?
Hey hey hey
IF you're taking mental age, I'm way older than you!

Oi!
Oi!
ゴゴゴゴゴゴゴゴゴゴ

So, rookie, you want to get mixed up in this?
If you have something to say, say it!



To quarrel!
It seems to me that this is not the right time...

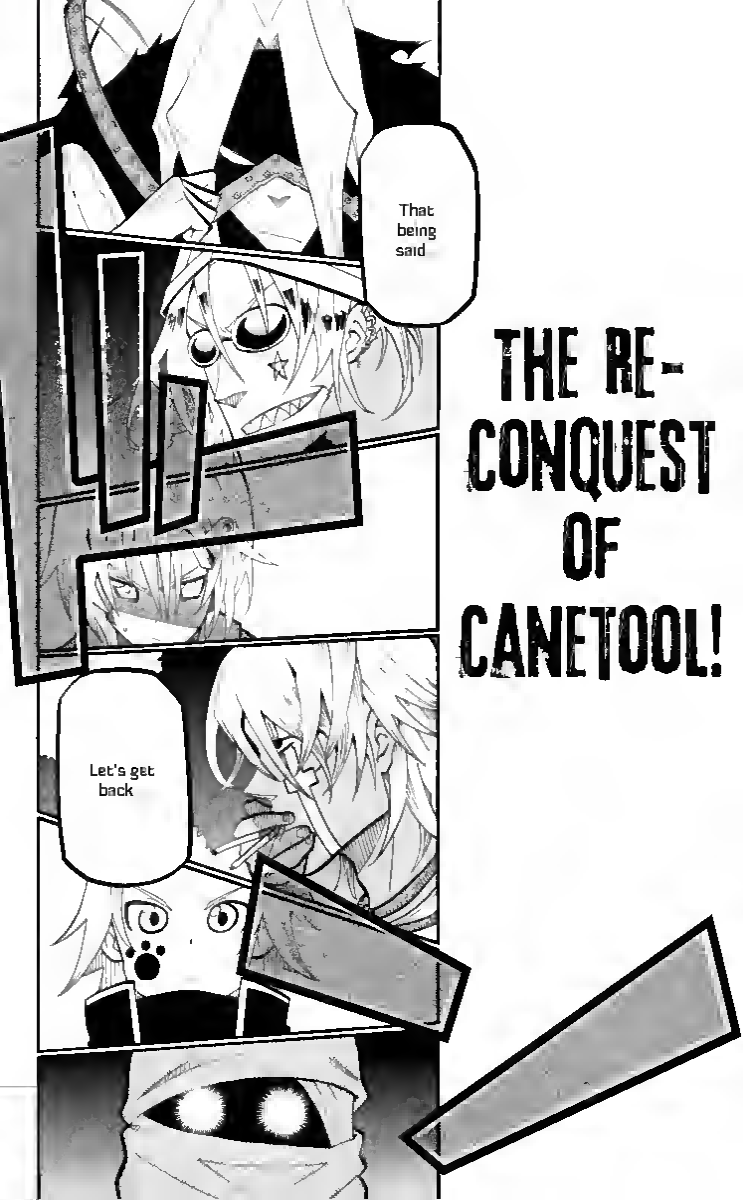
Wouldn't it be wiser...
If we all worked together?
So... Sorry, I went too far!!
No, no...
You're absolutely right!
We're not here to quarrel, but to exchange ideas and find a tactic...
Sorry for wasting time!
Okay...
Don't worry. It's always like this.
Indeed.
You...
.....

Don't hesitate to correct me if I'm wrong!
It's better to do it sooner than later!
On the contrary...
Sorry for telling you what to do.
.....
He's actually nice...
Got it!
Ah Hmm...
Nuko, what is it?
Nothing
After all!
It wasn't a bad choice
AT THE SAME TIME

Shitori, are you listening to me?!
What?
Wait!
You're going too fast!
If you say so... Anyway, we've arrived!
!
I don't understand... You're still young!
Physically, you're in way better shape than us...
Huh?
A grave-stone?
What exactly are we doing here?
The leaders must be discussing...

ゴゴゴゴ
CANETOOL, THE FIRST NATION ATTACKED BY XYECE...
IS CURRE-NTLY
AN OCCUPIED TERRITORY!

Us? Nothing in particular
We're here only to observe
Obs-erve?
Terrible! This country is just a mere shadow of its former self!
What are we doing here?
I'm a bit tired
Of always wielding a shield
Occasio-nally
IT'S A GOOD IDEA TO WIELD A SPEAR!



That being said
THE RE-CONQUEST OF CANETOOL!
Let's get back

ON TOPIC!

CHAPTER 14
MACKEREL RAMEN
It's,
About time...
To get to the heart of the matter!

The objective of our next operation..
Is to take control of the Xyece base in Canetool
So we can take control of the whole territory!
While doing so...
We'll ensure the safety of the population!
!?
There are survivors?!
SFX: HMM
Yes, those who stayed in their homes or who lived far from the center of the explosion
Are still alive!

But...
By the way..
Why exactly did Xyece attack Canetool?
That's right You weren't here during the previous meeting
The reason is simple...
It's the same reason that led to the Konpako war!
SEISUI?!
Yes...
Of non-negligible quantity!
ガヲッ

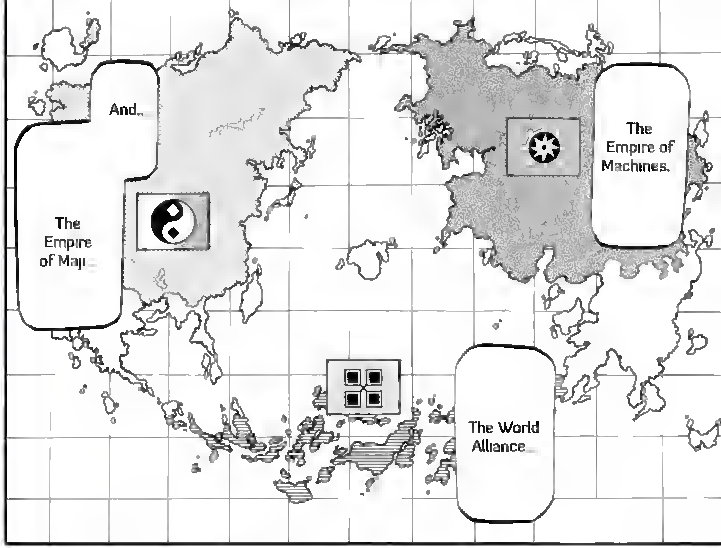
According to a Canetool legend...
There is an unequaled amount of Seisui in the city's subsoil!
Only a handful of specialists take it seriously...
But that was enough to catch Xyece's eye...
They were probably skeptical at first...
But after drilling began, they discovered exactly what they were looking for!
Canetool's media...
Talked of a mysterious explosion as a result of an accident of undetermined origin
A mysterious explosion?
So, the accident which killed the Ishika s parents and caused Santes s wounds...
No

I don't like it...
This is the second time we're talking about this story... it doesn't bode well for the future.

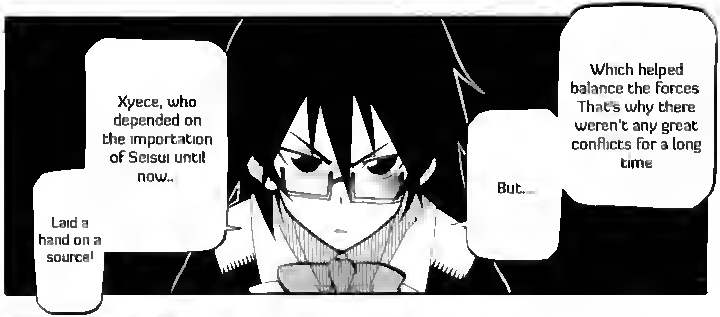
SFX: GR

Gold
You're right, it's frightening!
If we let Xyece continue like this ..

THE BALANCE OF THE WORLD COULD COLLAPSE!



And...
The Empire of Machines.
The Empire of Maji...
The World Alliance...



Which helped balance the forces. That's why there weren't any great conflicts for a long time.
But...
Xyece, who depended on the importation of Seisui until now...
Laid a hand on a source!

Is it that terrible?
.....
Is no longer necessary!
Damn... that means the regulation of Seisui exportation...

Oops... what did I say wrong this time?!
EEK!

It's the first weapon of mass destruction developed ..
Thanks to the research on the energy produced by Seisui!
Yes that's how this famous bomb..
Is actually made!

I might seem a little crazy to you but it's the truth!
It's also the origin of Canetoof's explosion!
But.
If I get it right ..

How can we...

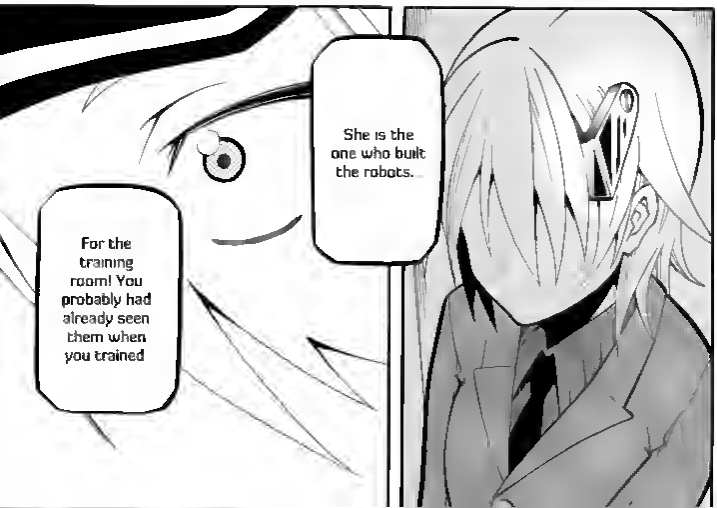
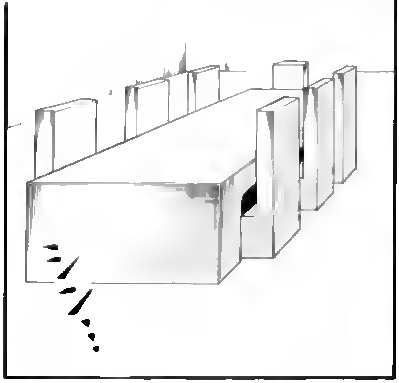
Could you explain the current situation of Xyece to Nanako after the meeting?!
...Yes
.....
But Shiro didn't assist in the previous meeting, right?
?
Indeed..
But its information she has been aware of for a long time
....
Huh?

You don t know?
Shiro is from Xyece!



She is the one who built the robots.
For the training room! You probably had already seen them when you trained



Nanako

Hmm
Thank you for going to the meeting!

Nanako

I heard that the mackerel ramen from the canteen is really good!

No doubt about it. It's really good.

Say, what happened to you Nana?
Thank you!
You're welcome, kid!
Something's bothering you?
WHAT DO YOU MEAN "LITTLE"?
Haha!
You're worried about such a little thing?!

Mackerel ramen!

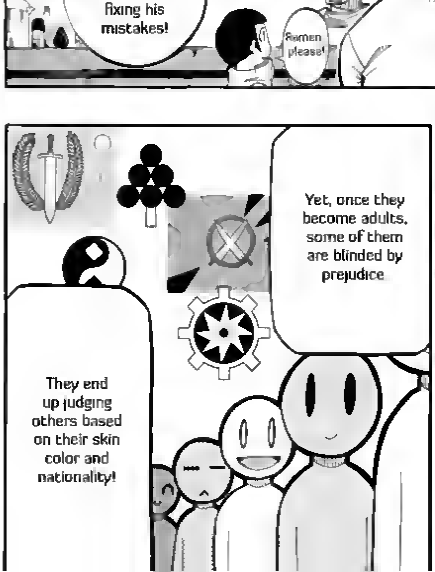
Everyone knows that she's from Xyece!
WHAT?!
I'm the one who made it...
And I'm from Xyece!
How was your food?
Very good, why?
HUH?!
.....

In the ramen made by people from Xyexe
There's good...
And bad
And that old man over there is also from Xyece...
But his ramen is inedible though... hahal
That's all there is to it...
Nani!

Thanks Sorry to have troubled you!
Yes!
In the ramen cooked by people from Xyece
There s good
And bad
Of course!
It's obvious!
And among the people from Xyece
There are bad people
But there are also good people!

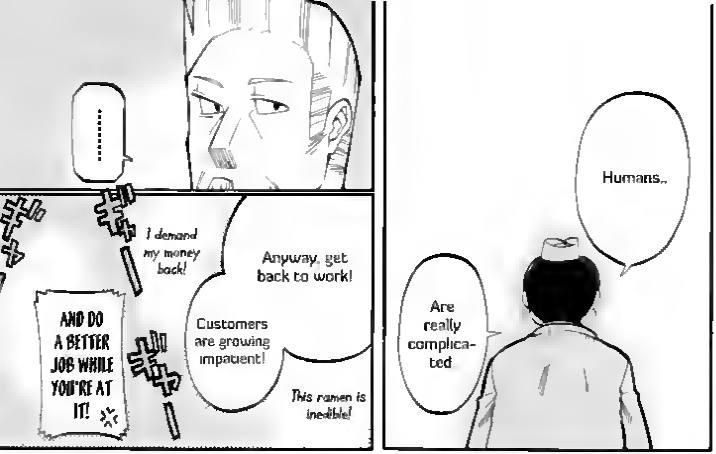
I need
To apologize to Shiro!
How could I have been so stupid?!
I didn't act like I should have earlier...

Huh?!
He really is a good boy
He's capable of challenging himself and fixing his mistakes!
Ramen please!



Yet, once they become adults, some of them are blinded by prejudice
They end up judging others based on their skin color and nationality!

But isn't it obvious?
You can't determine someone's personality just from the country he's from!



Humans...
Are really complicated
.....
I demand my money back!
Anyway, get back to work!
Customers are growing impatient!
This ramen is inedible!
AND DO A BETTER JOB WHILE YOU'RE AT IT!

In the meantime
